Let me be real with you…

We are in MONTH 8 of a Global Crisis…

A crisis that has completely flipped the table on how people make money in the world.

The strategies used last year to sell online offers…

They’re DEAD.

Not paused…

Not waiting for a comeback…

Or holding out for some hero to fix this mess…

I mean dead – victims of the “New Normal.”

Which means most sales training you received before March 1st, 2020…
Is now irrelevant.

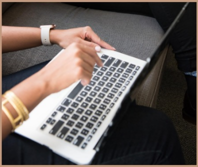
SO WHAT DO WE DO?
WHERE DOES THAT LEAVE US?

Because if you were already struggling to move past $15,000 a month…

Your 7-figure opportunity is still out there.

But in order to hit the 6-figure months needed to reach that level…
Without slaving away for 60+ hours each week…
You need to get bold and adapt to this "Brave New World" of online sales.
You see – while most of your competition is busy embracing victimhood…

There's actually never been a better time to grow than right now.



In fact, Forbes recently published an analysis declaring that:

- ✓ Companies are likely to **outsource top talent** rather than increase hiring budgets.
- ✓ Online service providers are now a **critical resource** to more industries than before.
- ✓ **The message is clear –** Demand for independent partners will grow in many professional areas.

So while others are dropping their rates, attempting to appear more affordable…

You should be scaling your offers to take advantage of this opportunity.

Now, I've Prayed On It…

I've asked God how I can help my Black sisters out there – striving to build their empires…

The Ones Who Refuse To Give Up Their Dreams Of Kingdom Wealth.

I couldn't stand by and watch their worlds crumble any longer.

So I Called Up Four Of The Baddest, Boldest, And Brightest 7-Figure Business Leaders I Know…

And asked them to help me deliver a LIVE virtual event unlike anything you've seen before.

FROM NOVEMBER 16TH – 21ST, I'LL PROVIDE YOU WITH THE ONE-OF-A-KIND FRAMEWORK NEEDED TO...

---

01. Shed your **"Superwoman Syndrome"** so you never have to work over 25 hours per week – even while hitting consistent 6-figure months.

02. Maximize your wealth through **"Profit Spheres."** (This is always the first thing I teach in my $30,000 Empowered to Shift program.)

03. And eliminate self-doubt around **charging what you're worth** in troubled times. When you accept your value, you become a magnet to loyal, high-paying clients.

And that's only a fraction of what to expect at...

ACTION-BASED FRAMEWORKS FOR LEVEL-UP SUCCESS

Your path to economic excellence begins Monday, November 16th.

Five industry leaders will give you uncut stories about where they started…

And the strategies they used to achieve consistent 6-figure monthly income, including:

- ✓ How Meagan Ward finds time to close 5-figure deals, meet with companies like Estee Lauder and Ralph Lauren, and still make it home to eat dinner with the fam… Monday evening at 7:00 PM EST.
- ✓ The single most crucial system this Client Curator® uses to cut down the time her clients spend prospecting (or even marketing their services). This could very well be your biggest take away from 6DS LIVE! See it for yourself Tuesday night.
- ✓ 30-year sales veteran, Mark Wright, reveals the secret to relentlessly pursuing his goals. Following this "Anti-Imposter" mindset allows Mark to hit tens of millions of dollars in sales – and he's taught dozens of others to do the same.
- ✓ How TEDx speaker and 7-figure coach, Ashley Kirkwood creates "Profit Spheres" to bring multiple streams of revenue into her business… And no, it's not about adding in new services. This goes against what most coaches will tell you, so don't miss it – Thursday only.
- ✓ 8 Real-World Examples of what it takes to skyrocket from sporadic 5-figure months to yearly 7-figure earnings. Some of my clients have applied the frameworks taught at 6DS LIVE and seen revenue increases of up to 84.6%.
- ✓ PLUS – the Top 3 practices to help you develop a "Million-Dollar" Mindset in the BONUS Saturday night training you won't want to miss…

… AND THAT'S ONLY HALF OF IT

You'll also learn…

- ✓ The easiest way to crush even your fiercest competitors. It doesn't matter if they take more calls, book more meetings, or show up more online – they'll be hustling *just to keep up*. My clients use this technique to sell more high-ticket offers than ever before, but still spend 20+ EXTRA hours with their kids and husbands each week.
- ✓ Trouble hitting the 6-figure mark? This is how I structure offers to close multiple $10k, $15k, or even $30k deals every month. It's the single most profitable weapon in my arsenal and launched my business into 7-figure success…
- ✓ The most successful entrepreneurs in the world live in "Grind Mode," right? Wrong! Those 80 hour workweeks destroy your profit potential. On Monday night, we reveal how to work less than ever and still kill it every week in sales.
- ✓ How you show up online is EVERYTHING… but until you eliminate this one belief from your life, your growth may stagnate at $15k a month. My clients routinely tell me that eradicating this common trait finally skyrocketed them to the next level. I'll show you what it is Wednesday.
- ✓ What NEVER to do on a discovery call, and how you can coach your clients from the first second of contact. This "Golden Rule" tactic eases digital sales transactions without seeming pushy or over the line. (Hint: You use it on your kids all the time…)
- ✓ Want to know how to align each of your past, present, and future offers into one harmonic system? If you're looking for total bliss in your business, this is what I've used to find it… (Thursday @ 7:00 PM EST)
- ✓ Look, it's easy playing small in business to avoid price rejection… but that leads to burnout fast. What if 1.5 hours of your life could shift your opinions on wealth, and help you charge the premium rate you deserve?
- ✓ And finally, when the contract ends – how do you keep clients from looking for greener pastures? Once you overcome this "Gatekeeper" to retention, your clients will practically beg to renew. Tune in Tuesday night.

5 TRAILBLAZERS IN BLACK BUSINESS LEADERSHIP

Felicia Kelly

FOUNDER OF CYRUS & CO. INC | CREATOR OF THE PROVERBS & PROFIT™ METHOD FOR LAUNCHING & SCALING HIGH-TICKET OFFERS

Felicia Kelly has coached many of her clients into 7-figure success stories. But she's not here to build you up and send you out with "manufactured confidence" or a head full of mantras.
Never one to sugarcoat why your revenue has grown stagnant, Felicia will break down your mindset and rebuild it from the ground up… that includes tossing out the false belief systems you have around making real money.
Numbers don't lie – Felicia's frameworks have helped online service providers go from stalled out 6-figure years to consistent 6-figure months! Which is why CEOs pay up to $15,000 for only 8 hours of her time. That's 96% more than the cost of a single ticket to 6DS LIVE.

You'll also receive strategies from top-performing business leaders, including:

Meagan Ward

SPEAKER | CREATIVE DIRECTOR | BRANDING CONSULTANT

Meagan Ward is often "the only Black woman in the room," advising men twice her age who respect her and the ROI she delivers. As a Fortune 500 Branding Consultant, Meagan works with companies like Estee Lauder, books meetings with companies like Ralph Lauren, and is the first Black woman to serve on SEEN Magazine's Board of Advisors. But Meagan doesn't live in "Grind Mode" like many of her peers – her 50-hour workweeks are long gone. And Monday at 6DS LIVE, Meagan will present the foundations every CEO needs to truly escape Grind Mode and unlock their luxury lifestyle.

Candice Washington

SPEAKER | CLIENT EXPERIENCE EXPERT | BUSINESS CONSULTANT

Candice Washington is **The Client Curator®** – with over 10 years in customer acquisition and retention. Candice's expertise lies in analyzing your business and finding the holes that hurt customer experience. Data & Retention is the next piece of the puzzle after you've established your foundations. Tuesday Night at 6DS LIVE, Candice will share her "7-Figure Secret" that quickly turns a revolving door of clients into consistent monthly revenue. With her methods, you could stop all marketing efforts and still bring predictable income into your business.

Mark Wright

SPEAKER | SALES CONSULTANT | WEALTH CATALYST

Mark Wright is Felicia's original **'Wealth Catalyst.'** And with 30+ years of sales and management experience, his insight goes beyond conventional sales wisdom. Mark was the man that gave Felicia her chance to prove it on the sales floor. And every step of the way, he kept her motivated to reach higher and accept her greatness. Now, Mark wants to do the same for you on Wednesday night. Once you've begun to implement what you learn on Monday and Tuesday, this is the next logical step. With his guidance, you'll find confidence to reach for those high-ticket opportunities you know you deserve.

Ashley Kirkwood

SPEAKER | ATTORNEY | 7-FIGURE COACH

Ashley Kirkwood graduated top of her class at Northwestern Law and is a nationally recognized TEDx and Corporate Speaker. After leaving a mid-6-figure salary to become an entrepreneur, she now runs her own firm – **Mobile General Counsel**. And when she's not crushing her law practice, Ashley coaches entrepreneurs to kick-start their speaking businesses through her program, **Speak Your Way to Cash**. Ashley will share incredible insight on how to provide everything your clients need by focusing on just ONE mastered skill. This is how you truly maximize your wealth, and it's the same method Ashley used to hit her 7-figure goals. Don't miss this presentation – Thursday night of the conference.

THE LIFE GOD HAS CHOSEN FOR YOU IS CALLING

Are You Ready To Answer?

I want to be clear: Real success requires a giant shift in mindset.

If you hang on to belief systems like:
"I don't deserve wealth…"
"There's too much risk involved…"
"I'm okay with being comfortable…"

Then girl – you're cheating yourself out of the income and lifestyle you deserve.
If you feel the push to shift your mindset and reach your next level – but you're waiting for permission…

THIS IS IT!

This is your opportunity to leave mediocrity behind…

To bring your career, confidence, and lifestyle to the NEXT LEVEL by joining us for **Six Days of Sales LIVE**.

With your help, we can normalize Black women living in luxury.

So take the first step toward those ambitious goals and know that you're BOLD enough to get what you deserve.

'Cause you're it, girl…

This is YOUR Time to SHIFT HIGHER & Start Building your Legacy.

BUT YOU CAN'T BUILD A LEGACY WITH "BROKEN" TOOLS…

WEALTH & WISDOM

Tools meant for a world that doesn't exist anymore.
My goal for 6DS LIVE is to bring driven, ambitious, and powerful women together…
And give them the tools I've discovered work in this new world of online sales.
Over six days…
Through 90-minute evening presentations…
Impactful leaders in online services will deliver you game-changing strategies…
And the framework that helped them sell over $1MM in digital offers.
These value-packed presentations will be from 7:00 PM to 8:30 PM EST – so you won't have to block off an entire day or leave feeling mentally drained.

DAY
01.

Meagan Ward | Shedding Your Superwoman Syndrome

Meagan will reveal how to take guilt-free time off and leave your 50-hour workweeks behind. Say goodbye to never-ending to-do lists and a phone that won't stop ringing. Trade them both for Meagan's key to complete lifestyle freedom – giving you more time for your kids, your husband, and a good night's rest.
Those who've listened to Meagan's insight and implemented her strategies have said they'd pay over **$10,000** for the value she delivers. I can definitely agree with that!

DAY
02.

Candice Washington | Data & Retention

Candice will show you why you already have everything you need to scale right at your fingertips. Her expertise can put an end to the constant grind of looking for new clients. Imagine slashing your marketing budget and still generating consistent 6-figure months!
Now the truth is – Candice won't even roll out of bed for less than **$10,000**. But I got her for the conference, and she promised to not holding anything back.

DAY
03.

Mark Wright | Messaging

Mark is one of the best speakers I've known in my life – but he's not here to motivate you with fluff and mantras then send you on your way. He aims to inspire you to reach for high-ticket opportunities and move past roadblocks holding you back. It's time to eliminate imposter syndrome, and Mark is the guy to help you do it.
I'm not playing when I say this man literally changed my life. With 30+ years in management and sales – plus the momentum you'll get from just 90 minutes with him… He could charge me **$40,000** and it would still feel like a bargain.

DAY
04.

Ashley Kirkwood | Profit Spheres

I begged Ashley for ***hours*** until she agreed to give away her best-kept secrets for increasing revenue while working less. She'll tell you why multiple streams of income is a bad idea, and what you should do instead with her signature "Who, What, When, Where, Why" framework. Now, I can't tell you anything more about that, so I'll leave it there. But just know that this framework is like Ashley's Midas Touch… and she uses it to turn multiple aspects of her business into "Gold."
So you can imagine – getting Ashley out here isn't cheap. With the value she brings, her corporate clients gladly pay **$20,000** for her time – it would be a drop in the bucket compared to the ROI they see when implementing her methods.

DAY

05.

Behind the Scenes with Black 7-Figure Entrepreneurs

This is your chance to *look over the shoulder* of women who crush 6-figure sales goals every month. These are some of the bravest, most brilliant leaders I've ever met, and they want to share what it really takes to be a CEO.

You won't hear this on social media or from other coaches. We're keeping it real so you can follow in their footsteps without sacrificing years of trial and error.

If you ask me, the kind of lessons you'll pick up on Friday are **Priceless**.

DAY

06.

The Empowerment Framework

After getting through all 5 days, if you're still serious about locking in your new mindset, and learning the strategies required to grow beyond $100,000 months…

We're hosting a BONUS Live Training where I'll personally reveal my Empowerment Framework for Next Level Success.

This is THE framework I teach clients in my CEO Weekend Program, which runs at **$15,000**.

But for those serious about leaving Grind Mode behind, I'm including this session as an added bonus!

Consider it a gift for showing commitment – even while the world is in crisis.

Bonus

The Exclusive Mastermind Facebook Group With Daily Challenges from Fe

This Mini-Mastermind group will be your place to connect with other women like you and test what you learn with daily challenges from me. How much would it be worth to surround yourself with top-level CEOs working toward the same goals?

I've seen similar masterminds for online service providers go for **$30,000 per year** or more…

But this mastermind will be available to you FOR FREE as soon as you purchase your ticket to Six Days of Sales Live Virtual Conference.

Total Cost: $125,000

> Felicia is an entire POWERHOUSE! Her ability to teach and transform mindsets is unprecedented. She consistently offers steps, ideas, and insights… in a way no one ever has. Do yourself and future generations a favor – apply to work with her! There WILL be a mental, emotional, and financial return.
>
> BRITTON HUGHEY | CORPORATE CONSULTANT

OBVIOUSLY I'M NOT GOING TO CHARGE $125,000

Now obviously, the whole point of an event like this is to bring all of these speakers together without having to charge you the full price for each of them individually…

So when I was thinking about pricing, I considered where you could get *the type of value you're getting at 6DS LIVE.*
My first thought was that, because you're getting together in a small group, you're hearing from people who are at the top of their game, and there's going to be networking and the mastermind…

Well… what if I charged you the price of a mastermind?

So I looked into mastermind groups for online service providers and I found one that's really similar – almost identical – to what we're putting together at Six Days of Sales LIVE. The people who are in this mastermind get together for a few days each year and they learn from big names in the online services game. They get implementation challenges, they get to bounce ideas off of each other, and every day is packed with actionable advice to help them scale their businesses – *just like Six Days of Sales.*

And then I checked the price tag…
I learned that attending this event would cost you $30,000 or more.

So I kept looking, and I found that there are business retreats where you can get a high-level of attention from the host, where you get a chance to mingle with people at the same level as you and with others who've surpassed you and can offer advice, and you can do all of it without sitting in an airport hotel conference room for hours.
That sounds kinda like 6DS LIVE too, right?
So I dug a little bit deeper and I found that the going rate for an event like that was **$1,650 a day.**
That means for a 6 day event like this, you'd have to pay no less than $9,900.
That's not super expensive, but still, I didn't want to have to charge you nearly 5-figures to get the type of value you're getting at Six Days of Sales LIVE…
So I kept my eyes open and I stumbled across another high-level conference that's got the same kind of setup as what we're doing with Six Days of Sales LIVE.
It's an event that's totally virtual, there's a high-level coach hosting it who's gotten great results for their clients, and there's a superstar lineup of speakers. When I saw that, I couldn't help but think that this was exactly what we're offering at 6DS LIVE, so I checked the price for a ticket to that event, telling myself that it would make sense for me to charge the same price…
And what I saw is that the tickets for this event are retailing for as much as $7,659.

But I decided that I'm not going to charge you $7,659.

Now, a $7,659 price tag made a lot of sense to me when I was setting up this event…

But I decided that I'm not going to charge you $7,659…

If I DID charge you $7,659, though, and all this event did was give you the exact mindsets and frameworks you need to scale to back-to-back 6-figure months, would it be worth $7,659?

Of course, right? You'd make your investment back in 2 and a half days.

If all this event did was help you overcome your Superwoman Syndrome so you could stop working until 1 AM every night, would it be worth $7,659?

I don't know about you, but even though I take pride in working a lot, I know I'm a lot better off now that I don't…

If all this event did was show you how to multiply your output so you could get a week's worth of work done in a single day while spending more time with your husband and your kids than ever, would it be **worth $7,659?**

If you care about your family as much as I care about mine, I think we can agree that it is…

And if all this event did was show you how to find team members who'll work in excellence and double or triple your income every time you make a new hire, would it be worth $7,659?

Definitely, right?

And that's the best thing about this event. It's a one-time investment. You do it once and you never have to pay again. But the knowledge, the information that you got – that'll keep paying you forever. And if you can double your income with every new hire…

I'll let you do the math on what that would mean for you…

Now Here's the Truth…

I HAD TWO CHOICES WHEN I WAS PUTTING THIS EVENT TOGETHER

I could make it another one of my high-ticket offers targeting the wealthiest women who could afford a high 4 or 5-figure price tag for a weeklong event…

But the problem there is that I wouldn't be able to bring change to the women who are struggling at low 5-figure months.

SO I DECIDED TO GO WITH THE SECOND OPTION…

I made the executive decision that we would run this event with the goal of giving as much value to as many people as possible – touching as many lives as we could.

So if you had a business that gave you complete lifestyle freedom, what would that be worth to you?

How much would you pay to catapult your business to the highest level?

If I were in your place, you can probably see why I wouldn't think twice about $125,000…

Or $30,000…

Or $9,900…

Or $7,659…

Because it wouldn't be a cost, but an investment.

And you've already seen how it's worth $125,000+.

live your dream
TOO POWERFUL TO PLAY SMALL

To see all these speakers individually and get access to the mastermind, **$125,000 would be a steal.**

But because I'm here to empower you and give you everything you need to shift out of Grind Mode and into CEO for good, I'm going to make you a very special offer…

If you grab your ticket today…

You'll pay only $497 for all of the mindset shifts, strategies, and secrets that I've personally used to generate consistent 6-figure months.

Now, let me put this into perspective for you.

If you called each of these speakers individually and asked them to come speak for you…

And if you asked me for access to all of the bonuses you're getting…

It would cost you way more than $125,000.

But because you've spent this time with me today, and you've proven that you're committed to shifting higher, I'm making you this special offer.

So at this point, you've got two choices…

You can do nothing with everything you learned today and stay right where you are now

Or you can take a leap of faith…

Come to the event…

Learn the strategies, test them out, and see if they work for you.
